

Rubric Outline for Grading Powerpoint Quality:

Category	Score	Description
Correctness	0	Contains major factual errors or misrepresents information.
	1	Mostly accurate, but with minor factual inconsistencies or unclear claims.
	2	Fully accurate, no noticeable factual issues.
Content Quantity	0	Very little content per slide; lacks depth or completeness.
	1	Moderate content; some slides light or inconsistent in depth.
	2	Adequate, consistent detail across slides. Covers material well.
Topic-Matching	0	Many slides do not relate to the given topic or are only loosely connected.
	1	Most slides are generally on-topic, though not always focused.
	2	All slides clearly relate to the main topic and stay focused.
Outline-Matching	0	Structure does not follow the intended outline or misses expected sections.
	1	Generally follows the outline with a few small deviations.
	2	Closely follows the intended outline and matches section goals well.
